

Adaptive Track & Field USA Racing Wheelchair Grant

Adaptive Track & Field USA is opening this grant application to provide a racing wheelchair to an athlete with physical disability competing in a seated racer for track. The chair will be built to fit the athlete and shipped to the athlete or their coach once built. Athlete will need to have a fit done by a coach or other qualified person to complete the order. This Grant is open to athletes ages 11-16 in 2024. Please complete the information below and select the "Submit by E-mail" at the bottom of the form. Grant application dates will be from April 1, 2024-April 19, 2024. Selected athlete will be notified by e-mail and phone by April 26, 2024. If athlete does not continue with track or if the athlete receives another/new grant chair later based on growth or advanced success/progression in the sport, ATFUSA requires the chair be returned so it can be reassigned to another athlete.
